VX STB
SMALL INVESTMENT, HUGE RETURNS!

Fast, flexible, efficient and compact with an unbeatable QUALITY OUTPUT-PRICE ratio, this solution is the best option for those looking for maximizing their investment.
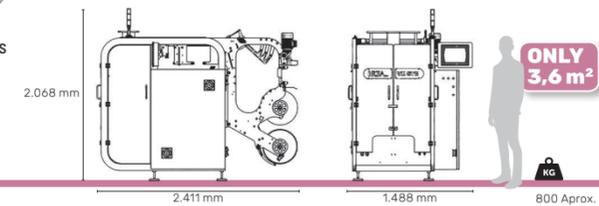

STANDARD FEATURES	VX STB
Finish	Stainless Steel AISI 316
Maximum Output (in vacuum)	110 Cicles/min.
Energy Consumption (Nominal Máx. value)	5,5 KVA
Mains voltage	230 / 400 Vca
Type of Protection	IP 55
Servomotors	Rockwell
Pneumatics	Festo
Vacuum pump	Becker
Air intake	12 Nl / Cycle
Movement Management and field elements	Bus Ethernet
Control over shafts with Implemented	Yes
Motion Functions Temperature, Welding time & Pressure Control	Yes
Rapid spool change (adjustable spindle)	Yes
Motorized film unwinder with screen regulated film tension control	Yes
Block bottom or pillow pack	Yes
Rapid spool change-over table system	Yes
Encoder support	Yes
Reel width/Max. Diameter	750 / 400 mm
Reel shaft	75 mm
Film pulling system	Belt drives with vacuum pumps
End of film warning	Yes
Colour touch display	10"
Interface languages	ES/ EN / DE / FR
LAN Ethernet Connection	Router included

(+) EXPANSION KITS

- System for centering printed film
- Modified atmosphere gas injection
- Easy-Open
- Label applicator to front
- Label applicator to rear
- Elimination of static from film
- Bag vibrator
- Blade for easy package opening
- Strips or twin packs
- Euro-Hole
- Coding and labelling machines
- Product outfeed conveyors
- Inclined version to 35º
- Continuous vertical welder using strip

We supply Expansion Kits which will increase the machine's efficiency and the output per square metre of your facility without the need to incorporate new machinery.

(+) MULTIPLE OPTIONS GREATER EFFICIENCY

We manufacture to your specifications
