

VX STD & MARKETING
CUSTOMER LOYALTY

From reliability to loyalty

Our versatile solution, packs any product in the most standard bags made today.

This is precisely its greatest strength.

The VX STD does it simply excellent: fast and accurate even in the most extreme temperatures or humidity conditions. It's absolutely reliable.

This high performance gives maximum confidence to our customers, who will see their business commitments fulfilled one after the other with no delays.

It is the loyalty that our solutions bring.

VX STD

MULTIFORMAT VERTICAL PACKAGING UNIT

EXTREME RESISTANCE

IDEAL FOR FROZEN FOOD, VEGETABLES AND A WIDE RANGE OF PRODUCTS

ROBUST, COMPACT AND LOW-MAINTENANCE

WITHSTANDS THE MOST HOSTILE CONDITIONS

FAST, VERSATILE AND RELIABLE EVEN WHEN WORKING IN THE WORST CONDITIONS, HUMIDITY OR LOW TEMPERATURES.

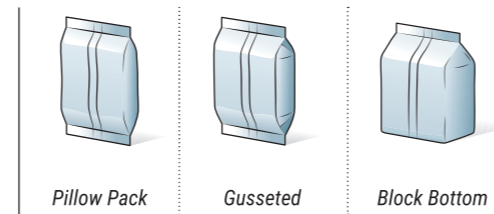

ONE OF THE MOST ROBUST AND PRODUCTIVE MACHINES ON THE MARKET

Its compactness, high packaging speed and extreme endurance make the VX STD a machine able to withstand long and hard working days, even in the most extreme conditions, requiring very little maintenance. Particularly suitable for packaging salads, vegetables and mostly, any type of frozen product.

MULTIFORMAT PACKAGING UNIT

VX STD

Perfect for packaging all types of frozen food

DIMENSIONS

Adjustable width
50 mm - 350 mm

Adjustable length
40 mm - 500 mm

SPECIALLY DESIGNED FOR

Frozen Food

Vegetables

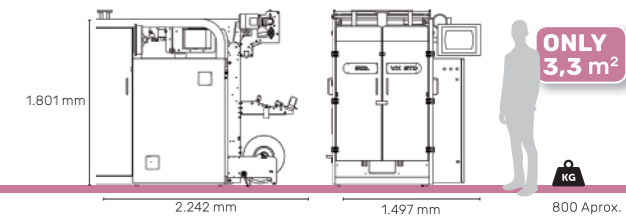

Snacks

Nuts

Coffee

STANDARD FEATURES

Finishing	Stainless steel AISI 316
Maximum Yield	110 Cycles/min.
Power consumption (Max. rated value)	5,5 KVA
Network connection	230 / 400 Vca
Type of protection	IP 65
Servomotors	Rockwell
Pneumatics	Festo
Vacuum pump	Becker
Air consumption	12 NI / Cycle
Management of movements and components	Bus Ethernet
Axis control. Implemented Motion functions	Yes
Welding temperature, time and pressure control	Yes
Coil. Width / Max. diameter	750 / 600 mm
Coil mandrel	75 mm
Film trawl	Vacuum belts
End of film notice	Yes
Fast and easy setting of all parameters	Yes
LAN Ethernet Connection	Router included
Colour touch display	10"
Interface languages	ES / EN / DE / FR

EXPANSION KITS

- Fast coil replacement, with or without suction
- Printed film centering system
- Modified atmosphere gas injection
- Constant heat jaws
- Motorized film unwinder with display-controlled film tension control
- Automatic self-centering of the coil, "Autotracking".
- Fast coil splicing system
- Elimination of static current in film
- Bag holder box
- Bag vibrator
- Stable bottom or Gusseted
- Euro-Hole
- Zipper
- Coders, labellers ...
- Product evacuation belts

We manufacture custom-made
